Complitly restaured in 2003 / 2004, Camjaco IX is recognized as one of the nicest Bertram.

Very elegant and fascinating model in amazing condition, she seems to be just launched. The main explanation of that is that she only had 2 owners, friends and Bertram lovers, who previously owned several models from this prestigious US shipyard ...

Unique Bertram 46.6 all over the world with a tender crane on flyingbridge ! Some structural modifications, such as flying bridge extension (hard top on the cockpit) had to be done to allow that (about 130 k€ cost).

Also to notice on this model : the flybridge ladder in on the right, allowing a big space in cockpit for a sofa and a table for 8 guests ...

BIG PRICE REDUCTION IN MAI 2006.... PRICE SUNK FROM 530 TO 485 000 €....
